**SIGNAGE SOLUTION**

**m!labs**

A rectangular panel, possibly made of acrylic, is shown standing upright. It is illuminated from within, causing it to glow with a bright blue light. The 'm!labs' logo is cut out of the center of the panel. The 'm' is in a bold, sans-serif font, followed by an exclamation mark that is integrated into the design, and then 'labs' in a similar bold, sans-serif font. The entire logo is rendered in the same glowing blue light as the panel itself. The panel is supported by two small, clear plastic clips at the bottom corners. A black cable is visible on the left side, extending from behind the panel.
